DAISY DILLON

Transactions Dalcassian Publishing Company

L'opera offre una raccolta di 25.000 proverbi presenti nella lingua italiana e nei testi letterari, ordinati alfabeticamente e per tema. Spiegazione, attestazioni letterarie, provenienza latina. Rimandi, citazioni e varianti. Che i proverbi esprimano la saggezza dei popoli è un luogo comune accreditato soprattutto dai proverbi stessi; ma si potrebbe con egual fondamento asserire che, dei popoli, essi esprimono la stupidità, le ambiguità, le incertezze. Non è facile accorgersi, anche soltanto affidandosi alla memoria, della fragilità dei proverbi e detti proverbiali di qualsiasi popolo, nonché della loro frequente contraddittorietà. La raccolta è rappresentata dall'elenco, potenzialmente esaustivo, dei proverbi tuttora in uso - o dei quali è ancora viva la memoria - nella lingua italiana corrente. L'elenco è poi reso graficamente evidente, da qualche riscontro regionale e dialettale, accostato al proverbio

principale vuoi per analogia, vuoi per opposizione, e anche come semplice variante richiamata da un'associazione d'idee o di suoni.

Saggio di un vocabolario Bergamasco Dizionario bergamasco-italiano The Evils of Disunity in Civic Or County Local Administration A Catalogue of Books Arranged in Classes, Comprising All Departments of Literature, Many of Them Rare, Valuable, and Curious Offered for Sale by Bernard Quaritch A Catalogue of Books, Arranged in Classes Comprising All Departments of Literature, Many of Them Rare, Valuable, and Curious, Offered for Sale Transactions of the Philological Society *The Evils of Disunity in Civic Or County Local Administration* This fascinating volume tackles the history of the terms 'normal' and 'abnormal'. Originally meaning 'as occurring in nature', normality has taken on significant cultural gravitas and this book

recognizes and explores that fact. The essays engage with the concepts of the normal and the abnormal from the perspectives of a variety of academic disciplines - ranging from art history to social history of medicine, literature, and science studies to sociology and cultural anthropology. The contributors use as their conceptual anchors the works of moral and political philosophers such as Canguilhem, Foucault and Hacking, as well as the ideas put forward by sociologists including Durkheim and Illich. With contributions from a range of scholars across differing disciplines, this book will have a broad appeal to students in many areas of history.
