I Can't Carry It (and other one acts) is a collection of eight one acts by playwright Alex Williams, written during her collegiate years.

Carry On Author House  
#1 New York Times bestselling author!  
Booklist Editors' Choice 2015 - Youth! Named a "Best Book of 2015" by Time Magazine, School Library Journal, Barnes & Noble, NPR, PopSugar, The Millions, and The News & Observer! Simon Snow is the worst Chosen One who's ever been chosen. That's what his roommate, Baz, says. And Baz might be evil and a vampire and a complete git, but he's probably right. Half the time, Simon can't even make his wand work, and the other half, he starts something on

fire. His mentor's avoiding him, his girlfriend broke up with him, and there's a magic-eating monster running around, wearing Simon's face. Baz would be having a field day with all this, if he were here -- it's their last year at the Watford School of Magicks, and Simon's infuriating nemesis didn't even bother to show up. Carry On is a ghost story, a love story and a mystery. It has just as much kissing and talking as you'd expect from a Rainbow Rowell story - but far, far more monsters.

Ballantine Books  
Suddenly, in 1994, the author stopped taking life for granted. When her existence filled with sunshine, parties and good times came to an end. A near fatal car crash left her comatose for six weeks; Gillian doesn't know what happened on that night and 'never will'.

'Gillian Mk2' chronicles her feisty determination to regain independence in a society where she was invisible. We follow her trek for the first four years. From hospitals, doctors, falls, nurses onto more hospitals, specialists, falls, attitudes, patients... Gillian Firth is lucky, clearly her family adore her, she lives to tell the tale and does so with blunt honesty. She knew nothing and only remembered she smoked because Pathetic bought her cigarettes, into the hospital ironically, her mum went mad. A Traumatic Brain Injury (TBI) is serious, life-changing, but you laugh out loud, then cry and laugh again, as we listen to Gillian speaking. Watch how she improves, cringe or agree with her observations, feel the anger and frustration, be embarrassed by comments and reactions. This author will be

remembered for her flippant, but serious, heart rending yet hilarious, kick in the teeth, that's what it is. Funny, factual and inspirational... my eyes are open.

BESTSELLER From the mind of Broad City's Abbi Jacobson, author of *I Might Regret This*, a wonderfully weird and weirdly wonderful illustrated look at the world around us—all through the framework of what we carry.

"Jacobson's art is warm, textured, and carefully composed, a little bit Maira Kalman and a little bit Roz Chast. It's also genuinely funny." —Vox  
With bright, quirky, and colorful line drawings, Jacobson brings to life actual and imagined items found in the pockets and purses, bags and glove compartments of real and fantastical people—whether it's the contents of Oprah's favorite purse, Amelia Earhart's pencil case, or Bernie Madoff's suitcase. How many self-tanning lotions are in Donald Trump's weekender? What's inside Martha Stewart's hand-knit fanny pack? What kind of protein bars does Michelle Obama hide in her tiny clutch at the White House Correspondents' Dinner? An instant New York Times bestseller, Carry This Book provides a humorous and insightful look into how the things we carry around every day make up who we are. *What We Carry* University of Georgia Press  
A quarterly review of religion, theology, and philosophy.  
A Savage Presence  
Houghton Mifflin Harcourt  
A devastating novel of war, love, and escape from the award-winning

author of *The Law of Dreams* and *The O'Briens*. During childhood summers on the sunstruck Isle of Wight in the years before the First World War, Billy is entranced by Karin, the elusive daughter of a German-Jewish industrialist. Reunited on a Frankfurt estate in that war's hungry aftermath, Karin and Billy become fascinated with tribal rituals found in the Wild West stories of Karl May, whose *Winnetou* tales are among the most popular books published in Germany. Coming of age in Frankfurt and Berlin, Karin and Billy share a passion for speed, jazz, and nightclubs. They also share a fantasy of escape—from darkening Germany, from history—to El Llano Estacado, the high plains of Texas and New Mexico, vividly reimagined in May's fiction. Intriguing characters braid this intricate and harrowing story together, from golden Edwardian summers to London under Zeppelin attack, Ireland on the brink of its War of Independence, and Germany collapsing into the Hitler era. As a society loses its civic and moral bearings, a childhood friendship deepens into a

love affair with extraordinarily high stakes. Brilliantly conceived and elegantly written, *Carry Me* is an epic for grown-ups, an unusual love story, and a lucid meditation on Europe's violent twentieth century.

*Carry It On* is an in-depth study of how the local struggle for equality in Alabama fared in the wake of new federal laws—the Civil Rights Act, the Economic Opportunity Act, and the Voting Rights Act. Susan Youngblood Ashmore provides a sharper definition to changes set in motion by the fall of legal segregation. She focuses her detailed story on the Alabama Black Belt and on the local projects funded by the Office of Economic Opportunity (OEO), the federal agency that supported programs in a variety of cities and towns in Alabama. Black Belt activists who used OEO funds understood

that the structural underpinnings of poverty were key components of white supremacy, says Ashmore. They were motivated not only to end poverty but also to force local governments to comply with new federal legislation aimed at achieving racial equality on a number of fronts. Ashmore looks closely at the interactions among local activists, elected officials, businesspeople, landowners, bureaucrats, and others who were involved in or affected by OEO projects. *Carry It On* offers a nuanced picture of the OEO, an agency too broadly criticized; a new look at the rise of southern Black Power; and a compelling portrait of local citizens struggling for control over their own lives. Ashmore provides a more complete understanding of how southerners worked to define for themselves how freedom would come during the years shaped by the civil rights movement and the war on poverty.

NEW YORK TIMES

EDITORS' CHOICE • A

powerful, poetic memoir about what it means to exist as an Indigenous woman in America, told in snapshots of the author's encounters with gun violence. Finalist for the Dayton Literary Peace Prize • Goop Book Club Pick • "Essential . . . We need more voices like Toni Jensen's, more books like Carry."—Tommy Orange, New York Times bestselling author of *There There* Toni Jensen grew up around guns: As a girl, she learned to shoot birds in rural Iowa with her father, a card-carrying member of the NRA. As an adult, she's had guns waved in her face near Standing Rock, and felt their silent threat on the concealed-carry campus where she teaches. And she has always known that in this she is not alone. As a Métis woman, she is no stranger to the violence enacted on the bodies of Indigenous women, on Indigenous land, and the

ways it is hidden, ignored, forgotten. In *Carry*, Jensen maps her personal experience onto the historical, exploring how history is lived in the body and redefining the language we use to speak about violence in America. In the title chapter, Jensen connects the trauma of school shootings with her own experiences of racism and sexual assault on college campuses. "The Worry Line" explores the gun and gang violence in her neighborhood the year her daughter was born. "At the Workshop" focuses on her graduate school years, during which a workshop classmate repeatedly killed off thinly veiled versions of her in his stories. In "Women in the Fracklands," Jensen takes the reader inside Standing Rock during the Dakota Access Pipeline protests and bears witness to the peril faced by women in regions overcome by the fracking boom. In prose at once forensic and deeply emotional, Toni Jensen shows herself to be a brave new voice and a fearless witness to her own difficult history—as well as to the violent cultural landscape in which she finds her coordinates. With each

chapter, *Carry* reminds us that surviving in one's country is not the same as surviving one's country. *Carry it On!* St. Martin's Griffin

### Carry Me

"A gorgeous memoir about mothers, daughters, and the tenacity of the love that grows between what is said and what is left unspoken."—Mira Jacob, author of *Good Talk* If our family stories shape us, what happens when we learn those stories were never true? Who do we become when we shed our illusions about the

past? Maya Shanbhag Lang grew up idolizing her brilliant mother, an accomplished physician who immigrated to the United States from India and completed her residency all while raising her children and keeping a traditional Indian home. Maya's mother had always been a source of support—until Maya became a mother herself. Then the parent who had once been so capable and attentive became suddenly and inexplicably unavailable. Struggling to understand this abrupt change while raising her own young child, Maya searches for answers and soon learns that her mother is living with Alzheimer's. Unable to remember or keep track of the stories she once told her daughter—stories

about her life in India, why she immigrated, and her experience of motherhood—Maya's mother divulges secrets about her past that force Maya to reexamine their relationship. It becomes clear that Maya never really knew her mother, despite their close bond. Absorbing, moving, and raw, *What We Carry* is a memoir about mothers and daughters, lies and truths, receiving and giving care, and how we cannot grow up until we fully understand the people who raised us. It is a beautiful examination of the weight we shoulder as women and an exploration of how to finally set our burdens down. Praise for *What We Carry* "Part self-discovery, part family history. . .

[Lang's] analysis of the shifting roles of mothers and daughters, particularly through the lens of immigration, help[s] to challenge her family's mythology. . . . Readers interested in examining their own family stories . . . will connect deeply with Lang's beautiful memoir."—*Library Journal* (Starred Review) "A stirring memoir exploring the fraught relationships between mothers and daughters . . . astutely written and intense . . . [What We Carry] will strike a chord with readers."—*Publishers Weekly* "Lang is an immediately affable and honest narrator who offers an intriguing blend of revelatory personal history and touching insight."—*BookPage*
