Those creative professionals seeking the fastest, easiest, most comprehensive way to learn Adobe Premiere Pro CS6 choose Adobe Premiere Pro CS6 Classroom in a Book from the Adobe Creative Team at Adobe Press. The 19 project-based lessons in this book show

readers step-by-step the key techniques for working in Premiere Pro CS6. Readers learn to take a project from beginning to end where they'll get the basics on things like organizing media, using audio, creating transitions, producing titles, and adding effects. Once they have the basics down, they'll learn how to take their projects further by sweetening and mixing sound, compositing the footage, adjusting color, using multicamera editing techniques, authoring DVDs, and much more. This completely revised CS6 edition covers new features, including the Warp Stabilizer effect for stabilizing uneven, shaky footage. Powerful new trimming techniques are explored in detail and an entire chapter covers the new expanded multicamera editing features. The new

interface in Adobe Premiere Pro 6 offers many new capabilities to the editor who needs quick results and this book covers the workflows required to get the job done. Best of all, the companion DVD includes lesson files so readers can work step-by-step along with the book. "The Classroom in a Book series is by far the best training material on the market. Everything you need to master the software is included: clear explanations of each lesson, step-by-step instructions, and the project files for the students." —Barbara Binder, Adobe Certified Instructor, Rocky Mountain Training Classroom in a Book®, the best-selling series of hands-on software training workbooks, helps you learn the features of Adobe software quickly and easily. Fresher Styles for Web Designers surveys eight innovative, contemporary visual design styles that break the mold and offer creative solutions to a variety of interactive design challenges. Readers will learn practical ways to incorporate these design approaches into their commercial work, using specific online examples as illustration. In 2001, Cloninger wrote Fresh Styles for Web Designers, arguing that beauty actually enhances usability. Since then, styles and technologies have evolved, but clients still expect sites that both function well and visually entice. This book will inspire web designers and developers to deliver sites that do both.

There are plenty of web design books that teach code. There are several books about contemporary print design that discuss visual aesthetics. This book stands out because it synthesizes experimental web design innovations with commercial marketing goals (without ignoring usability concerns). *Adobe After Effects 6.0* Peachpit Press This is the eBook version of the printed book. Creative professionals seeking the fastest, easiest, most comprehensive way to learn Adobe Photoshop CS5 choose Adobe Photoshop CS5 Classroom in a Book from the Adobe Creative Team at Adobe Press. Adobe Photoshop CS4 Studio Techniques has been completely updated to cover the new features in CS4. In a friendly, easy-going style that's long on

information and short on techno-babble, Photoshop Hall-of-Famer Ben Willmore and photographer Dan Ablan guide you through the concepts and features that will truly make a difference in how you use Photoshop every day. They'll take you from blindly following step-by-step instructions to an in-depth understanding of how Photoshop works, cutting through the fat to focus on what they consider to be Photoshop's essential features. This full-color book delivers the content in three easily digestible sections: Working Foundations, Production Essentials, and Creative Explorations. Streamlined for this new edition, the book will distill Photoshop's vast capabilities down to what you need to know for a full understanding of the program, while

simultaneously focusing more directly on best practices for the photographer. Beginning with a quick "refresher course" on the working foundations of Photoshop, you'll move on to real-world production techniques. Finally, you'll get to fully explore Photoshop's creative potential by blending and enhancing images, creating collages, retouching photographs, colorizing, and working with filters and layer masks. By the time you finish this book, your creativity and efficiency levels will soar and you'll feel like you finally "get" Photoshop.
