It includes kitchen and parlour, generally; but I believe at Wuthering Heights the kitchen is forced to retreat altogether into another quarter: at least I distinguished a chatter of tongues, and a clatter of culinary utensils, deep within; and I observed no signs of roasting, boiling, or baking, about the huge fireplace; nor any glitter of copper saucepans and tin cullenders on the walls. One end, indeed, reflected splendidly both light and heat from ranks of immense pewter dishes, interspersed with silver jugs and tankards, towering row after row, on a vast oak dresser, to the very roof. The latter had never been under-drawn: its entire anatomy lay bare to an inquiring eye, except where a frame of wood laden with oatcakes and clusters of legs of beef, mutton, and ham, concealed it. Above the chimney were sundry villainous old guns, and a couple of horse-pistols: and, by way of ornament, three gaudily-painted canisters disposed along its ledge. The floor was of smooth, white stone; the chairs, high-backed, primitive structures, painted green: one or two heavy black ones lurking in the shade. In an arch under the dresser reposed a huge, liver-coloured bitch pointer, surrounded by a swarm of squealing puppies; and other dogs haunted other recesses.	<i>Macbeth</i> Simon and Schuster
In 1590 three hundred Scottish 'witches' were tried for plotting the murder of their King, James VI of Scotland (soon to be James I of England). James is known to have suffered from a morbid fear of violent death, and the trial heightened his anxiety over this apparently treasonous 'un-Christian' sect, and stimulated him to study the whole subject of witchcraft. 'Daemonologie' is the result of this royal research, detailing his opinions on the topic in the form of a Socratic dialogue between the sceptic Philomathes and witch-averse Epistemon, who reveals many aspects of witch-craft. The book consists of three sections, on magic, on sorcery and witchcraft, and on spirits and ghosts, and ends with a lurid account of the North Berwick witch trials, based on the evidence of Dr John Fian, the alleged head of the coven, whose 'confession' was obtained with the aid of thumbscrews, the Boot, and by the ripping out of his fingernails. <i>Things Fall Apart</i> Library of Alexandria		A Taxonomy for Learning, Teaching, and Assessing Univ of California Press	
Among the most enduring poetry of all time, William Shakespeare’s 154 sonnets address such eternal themes as love, beauty, honesty, and the passage of time. Written primarily in four-line stanzas and iambic pentameter, Shakespeare’s sonnets are now recognized as marking the beginning of modern love poetry. The sonnets have been translated into all major written languages and are frequently used at romantic celebrations. Known as “The Bard of Avon,” William Shakespeare is arguably the greatest English-language writer known. Enormously popular during his life, Shakespeare’s works continue to resonate more than three centuries after his death, as has his influence on theatre and literature. Shakespeare’s innovative use of character, language, and experimentation with romance as tragedy served as a foundation for later playwrights and dramatists, and some of his most famous lines of dialogue have become part of everyday speech. The Wednesday Wars Skomlin		The Tempest is a play by William Shakespeare, probably written in 1610-1611, and thought to be one of the last plays that Shakespeare wrote alone. After the first scene, which takes place on a ship at sea during a tempest, the rest of the story is set on a remote island, where the sorcerer Prospero, a complex and contradictory character, lives with his daughter Miranda, and his two servants--Caliban, a savage monster figure, and Ariel, an airy spirit. The play contains music and songs that evoke the spirit of enchantment on the island. It explores many themes, including magic, betrayal, revenge, and family. In Act IV, a wedding masque serves as a play-within-the play, and contributes spectacle, allegory, and elevated language.	DUNCAN.What bloody man is that? Wuthering Heights is the name of Mr. HeathcliffÕs dwelling. ÔWutheringÕ being a significant provincial adjective, descriptive of the atmospheric tumult to which its station is exposed in stormy weather. Pure, bracing ventilation they must have up there at all times, indeed: one may guess the power of the north wind blowing over the edge, by the excessive slant of a few stunted firs at the end of the house; and by a range of gaunt thorns all stretching their limbs one way, as if craving alms of the sun. Happily, the architect had foresight to build it strong: the narrow windows are deeply set in the wall, and the corners defended with large jutting stones. Before passing the threshold, I paused to admire a quantity of grotesque carving lavished over the front, and especially about the principal door; above which, among a wilderness of crumbling griffins and shameless little boys, I detected the date Ô1500,Õ and the name ÔHareton Earnshaw.Õ I would have made a few comments, and requested a short history of the place from the surly owner; but his attitude at the door appeared to demand my speedy entrance, or complete departure, and I had no desire to aggravate his impatience previous to inspecting the penetralium. THINGS FALL APART tells two overlapping, intertwining stories, both of which center around Okonkwo, a “strong man” of an Ibo village in Nigeria. The first of these stories traces Okonkwo's fall from grace with the tribal world in which he lives, and in its classical purity of line and economical beauty it provides us with a powerful fable about the immemorial conflict between the individual and society. The second story, which is as modern as the first is ancient, and which elevates the book to a tragic plane, concerns the clash of cultures and the destruction of Okonkwo's world through the arrival of aggressive, proselytizing European missionaries. These twin dramas are perfectly harmonized, and they are modulated by an awareness capable of encompassing at once the life of nature, human history, and the mysterious compulsions of the soul. THINGS FALL APART is the most illuminating and permanent monument we have to the modern African experience as seen from within.

		Set in the future when "firemen" burn books forbidden by the totalitarian "brave new world" regime.	Hamlet, probably composed between 1599 and 1601, takes place in Denmark and tells how Prince Hamlet carries out his revenge on his uncle Claudius who murdered Hamlet's father, the king, and holds the usurped crown as well as nuptials with Gertrude, the mother of Hamlet. The play is vividly traced around insanity (both real and feigned) and the course from deep pain to inordinate anger. It also explores the themes of betrayal, revenge, incest and moral corruption.

		The book attempts at exploring the variegated essence of different ages and writers of English literature.It talks about the continuously changing intellectual activity within a nation. It tells all about English literature from beginning to the present times in a straight forward manner. It also contains short analyses of the major works of English literature and shows diversities and similarities of ideas and manifestos. Specially those works which reflect their times are given importance.Because they act like a mirror and help us understand the ages and general thoughts prevailing in those ages. It contains the knowledge of English literature that I acquired through reading and listening. I am adding just a few things by myself and I have tried to support my arguments with textual references. The reader may find this book adding a little bit to the existing knowledge. Effort has been made to make it interesting and easy to comprehend. Reading English poets and making their poetry a part of my understanding and feelings resulted in the five poems that I wrote. Last pages of the book cover those poems.	Katerina is stifled by her loveless marriage to a bitter man twice her age, whose family are cold and unforgiving. When she embarks on a passionate affair with a young worker on her husband's estate, a force is unleashed inside her, so powerful that she will stop at nothing to get what she wants. Leskov's wrote the novella in the Kiev university's punishment room. He described how his hair stood on end as he worked on it alone in that cold place and swore he would never describe such horrors again. It was published in Dostoyevsky's Epoch magazine in 1865 and is a picture of almost unrelieved wickedness and passion. Ignored at first by contemporaries it is now regarded as a masterpiece.

			Since the rediscovery of Elizabethan stage conditions early this century, admiration for Measure for

Measure has steadily risen. It is now a favorite with the critics and has attracted widely different styles of performance. At one extreme the play is seen as a religious allegory, at the other it has been interpreted as a comedy protesting against power and privilege. Brian Gibbons focuses on the unique tragi-comic experience of watching the play, the intensity and excitement offered by its dramatic rhythm, the reversals and surprises that shock the audience even to the end. The introduction describes the play's critical reception and stage history and how these have varied according to prevailing social, moral and religious issues, which were highly sensitive when Measure for Measure was written, and have remained so to the present day.

This revision of Bloom's taxonomy is designed to help teachers understand and implement standards-based curriculums. Cognitive psychologists, curriculum specialists, teacher educators, and researchers have developed a two-dimensional framework, focusing on knowledge and

cognitive processes. In combination, these two define what students are expected to learn in school. It explores curriculums from three unique perspectives-cognitive psychologists (learning emphasis), curriculum specialists and teacher educators (C & I emphasis), and measurement and assessment experts (assessment emphasis). This revisited framework allows you to connect learning in all areas of curriculum. Educators, or others interested in educational psychology or educational methods for grades K-12.

A Briefe Discourse of a Disease Called the Suffocation of the Mother Houghton Mifflin Harcourt

At the height of his wealth, powerful and envied, isolated in the splendor of his mansion on the Hudson, lives a man condemned to unhappiness. This man is Gatsby, an ex-gangster locked in his own mysterious profession, in a false past from which emerges at times the memory of a single pure youthful love. The young Nick Carraway, the narrator of the novel, moves to New York in the summer of 1922 and rents a house in the prestigious and dreamy Long Island, inhabited by many newly rich people frantically engaged in celebrating each other. One neighbor strikes Nick in particular: the mysterious Jay Gatsby, who lives in a huge, gaudy house, filling it every Saturday night with guests at his extravagant parties. Yet he lives in desperate loneliness and in senseless love for Nick's cousin Daisy....In the setting of a brilliant and unsatisfied society, where the world of alcohol smugglers mixes with that of bankers and stars, Gatsby desperately pursues his dream of love for Daisy. To no avail now is its power, except to arouse in both lovers a sweet madness, which will end in tragedy.
